Scoil Mhuire an Chroí gan Smál Bí Cineálta Policy to Prevent and Address Bullying Behaviour

The Board of Management of Scoil Mhuire an Chroí gan Smál has adopted the following policy to prevent and address bullying behaviour.

This policy fully complies with the requirements of Bí Cineálta: Procedures to Prevent and Address Bullying Behaviour for Primary and Post-Primary Schools 2024.

The board of management acknowledges that bullying behaviour interferes with the rights of the child as set out in the United Nations Convention on the Rights of the Child. We all, as a school community, have a responsibility to work together to prevent and address bullying behaviour and to deal with the negative impact of bullying behaviour.

We are committed to ensuring that all students who attend our school are kept safe from harm and that the wellbeing of our students is at the forefront of everything that we do. We recognise the negative impact that bullying behaviour can have on the lives of our students and we are fully committed to preventing and addressing bullying behaviour.

We confirm that we will, in accordance with our obligations under equality legislation, take all such steps that are reasonably practicable to prevent the harassment of students or staff on any of the nine grounds specified: gender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.

Definition of bullying

- Bullying is defined as a targeted behaviour, online or offline that causes harm.
- The harm caused can be physical, social and/or emotional in nature.
- Bullying behaviour is repeated over time and involves an imbalance of power in relationships between two people or groups of people in society.
- It is behaviour which is deliberate in nature and unwanted. It is not accidental or reckless behaviour.

The harm can be:

- Physical (eg: personal injury, damage to or loss of property)
- Social (eg: withdrawal, loneliness, exclusion)
- Emotional (eg: low self-esteem, depression, anxiety)

A one-off instance of negative behaviour towards a student is not bullying behaviour. However, a single hurtful message posted on social media can be considered bullying behaviour as it may be visible to a wide audience and has a high likelihood of being shared multiple times and so becomes a repeated behaviour.

Behaviour that is not bullying behaviour:

- If the repeated harm is real for the student experiencing the behaviour, but unintended by the other student, this is not bullying, but, importantly, must be addressed under the school's code of behaviour.
- Some students with special educational needs, may have social communication difficulties which may make them communicate their needs through behaviours that can hurt themselves or others. It is important to note that these behaviours are not deliberate or planned, but in certain situations, they are an automatic response which they cannot control.
- Disagreement between students is not considered bullying **unless** it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Types of Bullying:

There are many different types of bullying behaviour. These can include directing bullying at someone focused on the following: disability, exceptional ability, gender identity, LGBTQ+, physical appearance, racism, poverty status, religious identity, sexism and sexual harassment. This is not an exhaustive list.

Bullying can be: Direct:

- Physical: pushing, shoving, punching, kicking, poking and tripping students. Physical assault. Destruction of property.
- Verbal: continual name calling which insults, humiliates the student – this may refer to physical appearance, clothes, gender, accent, academic ability, race or ethnic origin.
- Written: writing insulting remarks in public places, passing notes or drawings about the student.
- Extortion: where something is obtained through force or threats.

Bullying can be: Indirect:

- Exclusion: where a student is deliberately and repeatedly isolated, excluded or ignored by a student or group of students.
- Relational: where a student's attempts to form friendships with peers are repeatedly rejected or undermined, threats, non-verbal gesturing, malicious gossip, spreading rumours, silent treatment and manipulation of friend groups etc can all form relational bullying for a student.

Online bullying behaviour

Cyber bullying is carried out via text, direct messaging/instant messaging, social media platforms, e-mail, apps, digital gaming sites, gaming consoles, chatrooms and other online technologies. This can include:

Sending or sharing of insulting and offensive or intimidating messages or images via online means as mentioned above.

Posting information which is personal, private or sensitive without consent.

Making and/or participating in fake profiles on a social network to impersonate and/or humiliate other students.

Exclude/disrupt access to a student on purpose on online chat groups/access to accounts/from an online game.

Culture and Environment: We strive to:

- Create a school culture where bullying behaviour is unacceptable and there is a consistent approach to addressing bullying behaviour.
- Involve parents as active partners in fostering an environment where bullying behaviour is not tolerated.
- Support the idea that our school is a telling environment.

- Create a positive school culture and climate which:

Is welcoming of difference and diversity and is based on inclusivity.

Encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment.

Promotes respectful relationships across the school community.

Ways in which we work to achieve these goals are as follows:

- Staff are briefed on the uniform approach we must take to handle all reports of bullying. This is distributed to staff and a copy is displayed on the staff room notice board for ease of access also.
- Anti-Bullying week activities such as random acts of kindness homework, poster-making, slogan-making etc.
- Playground helpers: students in higher classes volunteer to support younger classes on yard to help them with games and positive interactions.
- Child friendly anti-bullying policy was formed with pupil and parents' input, and is distributed to parents, children and staff to discuss. This policy outlines various ways to tell.

Section C: Addressing Bullying Behaviour

The teacher(s) with responsibility for addressing bullying behaviour is (are) as follows:

- The class teacher will oversee the recording of bullying reports for students in their class – this includes using the procedure guidelines to investigate reports of bullying and recording bullying behaviour on the correct form.
- The DDLP will follow up after twenty days to investigate if bullying has ceased.
- All staff will be vigilant to bullying behaviour.
- Principal will inform Board of Management of incidences of Bullying.
- Anti-Bullying co-ordinator is available to provide up to date information and supports if needed to assist class teacher in addressing concern.

When bullying behaviour occurs, the school will:

- ensure that the student experiencing bullying behaviour is heard and reassured
- seek to ensure the privacy of those involved
- conduct all conversations with sensitivity
- consider the age and ability of those involved
- listen to the views of the student who is experiencing the bullying behaviour as to how best to address the situation
- take action in a timely manner
- inform parents of those involved

The steps that will be taken by the school to determine if bullying behaviour has occurred, the approaches taken to address the bullying behaviour and to review progress are as follows:

The school's procedures for investigation, follow-up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows:

- a. While all reports, including anonymous reports of bullying must be investigated and dealt with by the 'Relevant Teacher(s)'. 'Relevant teachers' will use his/her/their professional judgement in relation to the records to be kept of these reports, the actions taken and any discussions with those involved regarding same.
- b. If it is established by the 'Relevant Teacher(s) that bullying has occurred the 'Relevant Teacher(s) must keep appropriate written records which will assist his/her efforts to resolve the issues and restore, as far as practicable, the relationships of the parties involved.
- c. The 'Relevant Teacher(s) must record the bullying incident and must inform the principal.

The primary aim in investigating and dealing with bullying is to resolve any issues and to restore as far as is practicable, the relationships of the parties involved (rather than to apportion blame). With this in mind the school's procedures are as follows:

- In investigating and dealing with bullying the teacher(s) will exercise his/her/their judgement to determine whether bullying has occurred, what type if it has, and how best the situation might be resolved.
- All reports, including anonymous reports of bullying must be investigated and dealt with by the

'Relevant Teacher(s). In that way pupils will gain confidence in 'telling'. This confidence factor is of vital importance. It should be made clear to all pupils that when they report instances of bullying, they are not considered to be telling tales but are behaving responsibly.

- Non-teaching staff such as secretaries, SNAs, caretakers and cleaners are encouraged to report any incidences of bullying behaviour witnessed by them or mentioned to them to the class teacher.
- Teachers should take a calm, unemotional problem-solving approach when dealing with incidents of alleged bullying behaviour reported by pupils, staff or parents.
- On being informed of an alleged incident of bullying, the teacher dealing with the report will first interview the victim(s) and discuss the feelings which the victim experienced because of the bullying behaviour.
- Initial investigations of bullying will be done in class where possible but some incidents might be best investigated outside the classroom situation to ensure the privacy of all involved.
- When analysing incidents of bullying behaviour, the 'Relevant Teacher(s)' should seek answers to questions of what, where, who, when and why. This should be done in a calm manner, setting an example in dealing effectively with a conflict in a non-aggressive manner.
- If a group is involved each member should be interviewed individually at first. Thereafter, all those involved should be met as a group. At the group meeting, each member should be asked for his/her account of what happened to ensure that everyone in the group is clear about the others statements.
- Each member of a group should be supported through the possible pressures that they may face from the other members of the group after interview by the teacher.
- Where the 'Relevant Teacher(s)' have determined that a pupil has been engaged in bullying behaviour it should be made clear to him/her how he/she is in breach of the school's anti-bullying policy, and efforts should be made to try to get him/her to see the situation from the perspective of the pupil being bullied. S/he emphasises that the intention is not to punish perpetrators but to talk to them, to explain how harmful and hurtful bullying is and to seek a promise that it will stop. If that promise is forthcoming and is honoured there will be no penalty and that will be the end of the matter.
- When an investigation is completed and/or a bullying situation is resolved, the 'Relevant Teacher' will complete a report, to include the findings of the investigation, the strategy adopted and the outcome of the intervention as well as any other information.
- If a pupil chooses to continue the bullying behaviour, this can then no longer be considered a once off occurrence. In this event parent(s)/guardian(s) will be contacted. The school should give parents an opportunity of discussing ways in which they can reinforce or support the actions being taken by the school and the supports for the pupil.
- Follow up meetings with the relevant parties involved may be arranged separately with a view to bringing them together at a later date when the pupil who has been bullied is ready and agreeable.
- Depending on the seriousness of the bullying, some or all of level 2 supportive interventions will be utilized (see school code of behaviour).
- Repeated incidents of bullying behaviour will result in the imposition of sanctions. Such sanctions will be proportionate to the seriousness of the bullying behaviour. It must be made clear to all involved (each set of pupils and parents) that in any situation where disciplinary sanctions are required that this is a private matter between the pupil being disciplined, his/her parents and the school.
- Where a parent is not satisfied that the school has dealt with a bullying case in accordance with these procedures, the parent must be referred to the school's complaints procedure.

- In the event that a parent has exhausted the school's complaints procedures and is still not satisfied, the school must advise the parents of their rights to make a complaint to the Ombudsman for Children.
- The school will maintain care for the victim over time. This will be done by speaking to the child a number of weeks after the incident to check on their continuing welfare. The child's parents will also be consulted.
- If a child makes a report of bullying, but asks nothing is to be done about it, the relevant teacher will support the child appropriately to explore how it will be handled sensitively and how parents may be notified. If a parent does so, they must submit in writing that they require no further action to be taken.

The school will use the following approaches to support those who experience, witness and display bullying behaviour.

The school's programme of support for working with pupils affected by bullying involves a whole school approach. Given the complexity of bullying behaviour, no one intervention/support programme works in all situations.

Supporting bullying pupils:

- Ending the bullying behaviour.
- Fostering respect for bullied pupils and all pupils.
- Fostering greater empathy towards and support for bullied pupils.
- Indicating clearly that the bullying is not the fault of the targeted pupil through annual awareness-raising programmes.
- Indicating clearly that the bullying is not the fault of the targeted pupil through the speedy identification of those responsible and speedy resolution of bullying situations.
- Making adequate counselling facilities available to pupils who need it in a timely manner (subject to available funding).
- Helping bullied pupils raise their self-esteem by encouraging them to become involved in activities that help develop friendships and social skills (e.g. participation in group work in class and in extra-curricular group or team activities during or after school).

Supporting Bullying pupils:

- Making it clear that bullying pupils who reform are not blamed or punished and get a 'clean sheet'.
- Making it clear that bullying pupils who reform are doing the right and honourable thing and giving them praise for this.
- Making adequate counselling facilities available to help those who need to learn other ways of meeting their needs besides violating the rights of others.
- Helping those who need to raise their self-esteem by encouraging them to become involved in activities that develop friendships and social skills (e.g. participation in group work in class and in extra-curricular group or team activities during or after school).
- Using learning strategies throughout the school and the curriculum to help enhance pupils' feelings of self-worth.
- In dealing with negative behaviour in general, encouraging teachers and parents to focus on, challenge and correct the behaviour while supporting the child.

-In dealing with bullying behaviour, seek resolution and offer a fresh start with a 'clean sheet' and no blame in return for keeping a promise to reform.

All bullying behaviour will be recorded. This will include the type of behaviour, where and when it took place, and the date of the engagement with students and parents. The actions and supports agreed to address bullying behaviour will be documented. If the bullying behaviour is a child protection concern the matter will be addressed without delay in accordance with Child Protection on Procedures for Primary and Post-Primary Schools.

Section D: Oversight

The principal will present an update on bullying behaviour at each board of management meeting. This update will include the number of incidents of bullying behaviour that have been reported since the last meeting, the number of ongoing incidents and the total number of incidents since the beginning of the school year. Where incidents of bullying behaviour have occurred, the principal will also provide a verbal update which will include where relevant, information relating to trends and patterns identified, strategies used to address the bullying behaviour and any wider strategies to prevent and address bullying behaviour where relevant. This update does not contain personal or identifying information. See Chapter 7 of the Bí Cineálta procedures.

This policy is available to our school community on the school's website and in hard copy on request. A student friendly version of this policy is displayed in the school and is also available on our website and in hard copy on request.

This policy and its implementation will be reviewed, following input from our school community, each calendar year or as soon as practicable after there has been a material change in any matter to which this policy refers.
